

J. Randy Attwood

Candidate Statement

May 01, 2024

I have been a member of the RASC for over 50 years, and I have been involved with Society governance at both the Centre and National levels for over 40 years.

I served as President and National Council representative of two Centres, Toronto and Mississauga, and National President from 1998 to 2000. I was employed as the Society's Executive Director from 2014 to 2019. I stepped in as the interim Executive Director for March and April 2023 until Jenna Hinds was hired in early May. During 2023, I became the liaison between the Board and the National Office, allowing me to continue helping Jenna as she hired staff and with various other tasks.

I have served as a Director on the Board for a year now. I intend to continue my role as Board–National Office liaison. My lengthy experience with the various workings of the Society contributes to my position on the Board and will continue to support the Executive Director and the other staff in the National Office, and therefore the Society as a whole.
